The B.Tech (CSE) program offered by the Department of Computer Science & Engineering at AIT, affiliated to AKTU, Lucknow, has an approved sanctioned intake of 60 students. In addition to regular intake, students are admitted through lateral entry in the second year. Criterion 4 furnishes comprehensive information about the program intake, admitted students in each session, and academic performance of current and last three pass-out batches. This information is presented in Table B.4a, Table 4b, and Table 4c respectively. The program intake has been 60 students since the last five years.

Section 4.1 represents enrollment ratio, which is more than 88.33% since the last three years. Based on this, the following sections provide related information:

- Section 4.2.1 and 4.2.2 showcase success rates in stipulated period without backlog and with backlog respectively.
- Section 4.3 and 4.4 represent academic performances of the students in third year and second year.
- Section 4.5 contains information about placements, higher studies, and students who opted for entrepreneurship.
- Section 4.6.1 provides details of various engineering events organized in the institute under the flagship of professional societies/chapters of the Department of Computer Science & Engineering.
- Section 4.6.2 gives details about the technical newsletter of the department. Section 4.6.3 shows records of student participation in various inter-institute events.

4.2. Success Rate in the stipulated period of the program (40)

4.2.1. Success rate without backlogs in any semester/year of study (25)

SI = Number of students who have graduated from the program without backlog
Number of students admitted in the first year of that batch and admitted in 2nd year via lateral entry and separate division, if applicable

Average SI = Mean of Success Index (SI) for past three batches

Success rate without backlogs in any year of study = 25 × Average SI

4.2.2 Success rate with backlog in stipulated period of study (15)

SI = Number of students who graduated from the program in the stipulated period of course duration
Number of students admitted in the first year of that batch and admitted in
2nd year via lateral entry and separate division, if applicable

Average SI = mean of Success Index (SI) for past three batches

Success rate = 15 × Average SI
