Education

- 10th (2020), Rk Education Center (Topper)
- 12th (2022), Rk Education Center (Topper - specify percentage if possible)
- B.Tech (2023-27), Allenhouse Institute of Technology

Skills

- C
- Python
- Java
- Chrome Extension Development
- YouTube API Integration
- Gemini API (if used extensively, add details)

Projects

- **Screen Analyzer Chrome Extension:** A Chrome extension that captures screenshots and analyzes them. (Add details about analysis methods and

technologies used, e.g., image processing libraries, specific analysis techniques).

- **Automated YouTube Pipeline:** An automated system that generates scripts using Gemini API, selects relevant 5-second video clips, and uploads them to YouTube after approval. (Add details about the technologies used, the process of script generation, and any challenges faced). (Consider adding quantifiable results if possible. E.g., 'Improved upload efficiency by X%')

Certifications

- Python Certification (Specify issuing body and date if available. Detail the content of the certificate.)

Awards and Recognition

- Topper in 10th Standard
- Topper in 12th Standard
